

## VOLUNTARY TERMINATION OF ONTARIO MEMBERSHIP

I understand and accept the following:

1. The By-Laws of the CATA require membership in BOTH the CATA and (for Ontario practitioners) the OATA;
2. The risk that by cancelling my membership in the OATA I may no longer lawfully use the CAT(C) certification for billing, advertising, practice or employment purposes;
3. The fact that when contacted by insurance companies, employers, healthcare practitioners, patients or otherwise, the OATA is required to advise them of any individuals who are not OATA members and who may not thereby lawfully use the CAT (C) certification, without any liability to the OATA;
4. That by terminating my membership in the OATA I surrender any rights to resume membership in the OATA at a future date;
5. That by terminating my membership in the OATA I have also terminated my coverage in the OATA Group PLI;

Notwithstanding and in full acceptance of the foregoing, I hereby direct the OATA to terminate my membership in the OATA effective December 31, 2022, and I agree to hold the OATA harmless for any consequence of doing so.
